

CLAIMS

We claim:

1. A kit for fabricating a candle comprising:
a candle composition, said candle composition being in the form of a creamy liquid;
a receptacle, said candle composition being housed in said receptacle;
a package of candle wicks, said package of wicks attached to said receptacle.
2. A kit for fabricating a candle as recited in claim 1, wherein said creamy liquid is made solely from vegetable-derived materials.
3. A kit for fabricating a candle as recited in claim 2, wherein said creamy liquid includes selected fragrance producing oils.
4. A kit for fabricating a candle as recited in claim 3, wherein said creamy liquid includes a selected coloring agent.
5. A kit for fabricating a candle as recited in claim 4, wherein said creamy liquid includes glitter producing agents.

20201008E001

6. A method of making a candle comprising the steps of:
providing a receptacle containing a creamy liquid candle composition, said creamy liquid composition being made solely from vegetable-derived materials;

providing a container, said container having a shape and being fabricated of candle safe materials;

pouring said creamy liquid candle composition from said receptacle into said container such that said creamy liquid is evenly spread and assumes the shape of said container;

inserting a least one wick in said creamy liquid in said container;

igniting said wick to heat said creamy liquid in said container;

extinguishing said wick to allow said creamy liquid to cool and solidify.

7. A method of making a candle as recited in claim 6, including the step of adding selected fragrance producing oils to said creamy liquid.

8. A method of making a candle as recited in claim 7, including the step of adding selected a selected coloring agent to said creamy liquid.
